Drosh, Chitral, Khyber Pakhtunkhwa 17220, Pakistan

SUMMARY

Full Stack Web Developer with a strong academic background in Computer Science and extensive experience in building scalable, high-performance web applications using technologies like HTML, CSS, JavaScript, React, PHP, Laravel, and MySQL, among others. I am also a seasoned Android Developer, skilled in creating efficient, user-friendly mobile applications using Java/Kotlin and modern frameworks. Additionally, I have strong expertise in WordPress and Elementor, specializing in the development of responsive, SEO-optimized websites tailored for usability and visibility. My skill set also includes SEO and content writing, enabling me to deliver complete, business-focused digital solutions with an emphasis on performance and user experience.
